

What is the Company Breakdown Sheet?

The Company Breakdown Sheet (CBS) lists all **student** members of your company – actors, technicians, and crew. The judges and supervisors will use the CBS instead of the program page. This is replacing the Student Technical Work Form.

The CBS does not replace the program page, however. You should still create a page for the program that includes adults' names and your school name. The CBS is used only by judges and supervisors, so it should not have adults or a school name listed on it.

Guidelines for creating a Company Breakdown Sheet:

- DO list your show title and author.
- DO list all characters and the actors who play them. If necessary, provide identifying features (e.g. "Pink dress").
- DO list characters in order of appearance.
- DO list all students who designed or executed technical elements of the show.
- DO NOT list any adults' names.
- DO NOT list your school's name.

The following page is an example of a CBS.

Company Breakdown Example

Into the Frying Pan
By Fitz Weaver

Cast

Claude Monet..... Clark Jacobson
(White), Easel, Palette Jordan Davy
(Green), Tree limb, Motivator Rebecca Turner
